GRAND KNIGHT'S MESSAGE

My Worthy Brother Knights,

I need a first degree team for your council this means we need volunteers to step up to the plate. Are you one of those volunteers that will say (I'm your man). Contact John Maahs @ 281-441-9200

As of this writing we are short three new members shy of our goal for this fraternal year. If you know of a Candidate, that wants to join. I will make a special meeting for them. I would like to get Star Council status before you get rid of me as your Grand Knight.

We have an election on June so any one interested in being an officer call Jonathan Vernon 409-466-1412 or Matthew Goitia 504-638-6001.

Did you know?

As a Knight of Columbus you provide the entire budget of the National Family Planning offices of the U.S. and Canadian Bishops

Fraternally your, Grand Knight Manuel Luna

Lord Jesus, we praise you for your presence in the Eucharist we joyfully celebrate. May we be a Eucharistic people who celebrate your love in worship and service. Send us worthy ministers of the altar and faith-filled evangelical witnesses in the world. Amen

THE MIRACLE OF LIFE

Some people life begins at birth; but your life journey starts long before that.

At no time in your life does more growth and change occur than in the first nine months before birth.

Here are the amazing milestones of that time of my life.

1st Day: Conception.

Of the 200,000,000 sperm that try to penetrate The mothers egg cell, only one succeeds.

At that very moment, a new and unique individual is formed.

All the inherited features of this new person are already set – whether it's a boy or girl, the color of the eyes, the color of the hair the dimples of the cheeks and the cleft of the chin. Size of baby .005 in.

18-20 days: The foundations of the brain, spinal cord and nervous system are laid size of baby: .008 in.

21 days:

The heart begins to beat, unsure at first, gaining strength day by day. The heart beats 70 times per minute at first, reaching a maximum of 170-190 at seven weeks and slowing a bit to 160-180 at nine weeks. A day later the eyes begin to develop. The earliest stages of the ears are now present.

(to be continued) ??????

From the editor...

Ed was in trouble. He forgot his wedding anniversary. His wife was really angry. She told him, "Tomorrow morning I expect to find a gift in the driveway that goes from 0 to 200 in less then 6 seconds **AND IT BETTER BE THERE!!**"

The next morning Ed got up early and left for work. When his wife woke up she looked Out the window and sure enough there was a box gift-wrapped in the middle of the driveway. Confused, the wife put on her robe and ran out to the driveway, and brought the box back in the house. She opened it and found a brand new bathroom scale.

Ed has been missing since Friday. Please pray for him
